WELLINGTON
COLLEGE

COLLEGE RULES

The laws of the country apply at all times. However, Wellington College, as an independent school, is a private self-regulating community in which it is a condition of membership that a pupil will not seek to exercise legal rights that are contrary to proper school discipline.

All pupils should be familiar with the College Rules, which can be found in summary form in the Calendar. The principles underlying the Rules should also be understood:

Principles

1. To encourage pupils to show respect, good manners and consideration for others.
2. To keep pupils safe; protected from abuse of any kind.
3. To encourage the academic, personal and social development of all pupils.
4. To facilitate effective communication between parents, pupils and College.
5. To provide an environment of good discipline in which self-discipline is developed and all pupils can flourish.

Key Rules:

Non-compliance with the rules related to the following areas incurs the most serious sanctions

1. Illegal drugs
2. Restricted items (weapons, explosives etc)
3. Theft
4. Bullying (peer-on-peer abuse)
5. Sexual relationships
6. The use of alcohol, tobacco and vapes.
7. Being absent without permission

To ensure the safety and wellbeing of pupils, these rules are important:

- Observance of the out of bounds rules
- Observance of health and safety rules in Houses, classrooms, during sport and other activities and around the campus
- Observance of our e-safety and mobile phone policy
- Avoiding damage to College property and buildings
- Avoiding gambling or betting
- Not bringing a drone or other pilotless aircraft into College
- Rules related to driving a car or other motorised vehicle either in the College grounds or outside them, during term time

Other important information of which pupils and parents should be aware:
