

Sports Tiers and Choices (Girls)

Tier 1 Sports are Priority team sports and we aim to provide regular fixtures (usually Saturdays, excluding competitions) for these, with sports falling within the usual season of play. Usually only possible as a Core choice.

Tier 2 Sports are often limited by numbers and may be divided into a Performance or Development focus, with some Priority sports falling into this Tier too, to allow pupils a skill developmental focus term. Often smaller fixture cards, likely with a mid-week focus.

Tier 3 Sports likely have more irregular fixtures but some, possibly every few weeks.

Tier 4 Sports likely have limited or no fixtures. The focus is more on recreational play and training.

Specialist Sports include sports with specific needs and a more unique structure, such as winter training for summer sports.

The below lists sports available at Wellington, by Tier and by term (X Challenge is a 6th form fitness-based choice).
