## The Life Beyond Wellington Programme

An integrated careers and life skills programme offering support, guidance and real-world opportunities to Wellingtonians from Third Form to university, to first jobs and beyond.

## About the LBW Programme

The Life Beyond Wellington (LBW) programme supports students throughout their time at College and continues to offer guidance as they transition into university, employment and early career stages. It brings together classroom learning, co-curricular experiences, online tools and mentoring to help every Wellingtonian build the skills and confidence they need for the future.

The programme is informed by leading educational frameworks such as the OECD Future of Education and Skills, the World Economic Forum's Future of Jobs report, and the UNESCO Global Citizenship Framework, ensuring students are equipped to thrive in an ever-evolving world.

For current students, LBW is delivered through a blend of in-school sessions, one-to-one advice and hands-on experiences. Tools such as Morrisby and Unifrog are used to help identify strengths, explore university and career options, and guide individual pathways.

From the end of Fifth Form, students are also granted access to Wellington Connect, our global professional networking platform, enabling them to connect directly with OWs and parents for advice, mentoring and work experience opportunities.

After leaving Wellington, OWs continue to benefit from the programme. They are invited to attend tailored networking events, join university visits and online workshops, access mentoring opportunities and stay connected through Wellington Connect.

The LBW Pathway highlights just a few of the activities on offer. It works alongside other key College programmes such as Wellbeing, Global Citizenship, CCF, The Arts and the wide range of societies and co-curricular options that make up the full Wellington experience.

**Through Wellington Connect, I've been able to see a completely different side of the legal profession. From sitting alongside a judge during sentencings to experiencing placements and internships, I've gained valuable insights into my future career. These opportunities have not only broadened my perspective but also helped me build the confidence and skills to apply for professional roles, all guided by the support and wisdom I've found through Wellington Connect."**
